Play Here

Large comfortable sports venues and big-city accommodations and service without the big city traffic jams are what make the Fox Cities a great place to play.

The Fox Cities are communities located along the Fox River in east central Wisconsin. One of Wisconsin's fastest-growing metropolitan areas, the Fox Cities still boast small town safety, hospitality and prices.

Whatever the sport, tournament organizers find the area just right to host their event. Some recent events and on-going sports tournaments in the Fox Cities include:

- US Youth Soccer Region II Tournament
- NAFA Fastpitch World Series
- ISC World Softball Tournament
- U.S. Curling Championships
- NCAA Division III Baseball World Series

- WIAA Boys State Baseball Tournament
- WIAA Girls State Volleyball Tournament
- Amateur World Disc Golf Championships

From baseball to powerlifting to disc golf, the Fox Cities will go the extra mile to make your tournament a success. Our services are **free** and our team can assist with:

- Site inspections of sports facilities and hotels
- Proposals from sports venues that meet criteria for your event
- Scheduling volunteers to greet and register attendees
- Providing Visitor Guides, Maps and other printed information on the area
- Identifying potential vendors and service providers for your event (tents, busses, etc.)
- Managing hotel room blocks
